

# Vehicle Speed & Distance

Data Loggers for the Transportation Industry

← Vehicle Speed Sensor (Sends an electrical impulse to the odometer)

Vehicle Transmission

Monitor Speed and Driving Trends:  
Reduce Maintenance Costs  
When drivers know they are being recorded they tend to slow down.

Maintenance costs can be reduced by up to 30% ( \$0.30/klm down to \$0.20/klm)

Monitor Daily Activity  
Documented proof of travel  
Delivery Vans, Outside Sales Reps,  
Maximize delivery routes

**Another data-logging solution from ACR Systems.**
